

## DS2

WIRELESS ADVENTURE  
SPEAKER

### BLUETOOTH<sup>®</sup> WIRELESS TECHNOLOGY & SPEAKERPHONE

Take your music into the great outdoors without the hassle of wires. The DS2 wireless adventure speaker seamlessly connects to your Bluetooth<sup>®</sup> enabled phone or music player and allows you to pick up and drop calls without taking your phone out.

### WATERPROOF HOUSING

With an IPX5 rating, you can hit the trails, beach or pool without worrying about rain, snow or dropping it in a puddle.

### SHOCK PROOF DESIGN

The durable silicon structure of the DS2 adventure speaker can easily withstand the bumps and bruises of the rugged terrain that lies ahead.

### DUSTPROOF CONSTRUCTION

Don't let dirt, sand or dust stop you from enjoying your music.

### 6 HOUR USB RECHARGEABLE BATTERY

The lithium ion battery recharges quickly with the provided USB cable.

### NO SIGNAL? NO PROBLEM

The DS2 wireless adventure speaker has a micro SD memory card port so you can listen to your music off the grid.

### FM RADIO

Why limit yourself? Listen to your favorite FM music, sports and talk radio stations with the DS2 wireless adventure speaker.
