

DS3

WIRELESS PORTABLE
SPEAKER

BLUETOOTH[®] WIRELESS TECHNOLOGY

Take your music wherever life takes you without the hassle of wires. The DS3 wireless portable speaker seamlessly connects to your Bluetooth[®] wireless technology enabled phone or music player.

DANISH DESIGN + FUNCTION

DS3 wireless portable speaker is an innovative balance of style and function that integrates beautifully into your life, and slips elegantly into your pocket or bag.

INTEGRATED SPEAKERPHONE AND CONTROLS

Adjust volume, pause/play music and answer phone calls – without having to take your phone out.

6 HOUR USB RECHARGEABLE BATTERY

The lithium ion battery recharges quickly with the provided USB cable.

NO SIGNAL? NO PROBLEM

The DS3 wireless portable speaker has a micro SD card port so you can listen to your music off the grid.

FM RADIO

Why limit yourself? Listen to your favorite FM music, sports and talk radio stations with the DS3 wireless portable speaker.
