

Ceiling mount

The Planet L ceiling mount has a very simple and special design, enhancing the beauty of the Planet L speaker by its particular shape. The 5 metres metal cable allows to hang the speaker at the perfect high depending on the room, and permits to adjust the orientation of the speaker in the room, by tightening up more one cable than the others. The small rubber pad on the ring avoids any damage to the speaker itself, and allows a perfect adjustment.

Specifications

Dimensions: Ø 300 mm
Weight (unit): 1,25 kg - 2.7 lbs
Finish: satin brushed

Packaging

Unit: W310 x H310 x D40 mm
GenCode: 3760108805309
X8 : W690 x H365 x D195 mm
GenCode: 3760108805293

Wall mount

The Planet L wall bracket has been conceived to permit a 360° rotation of the speaker, and a 90° vertical inclination. It allows to orientate the speaker the way you want for a perfect sound reproduction in the room. Its satin brushed design, and very original shape facilitate the integration of the speaker in the house.

Specifications

Dimensions: W240 mm x H215 mm x D60mm
Weight (unit): 1.1 kg
Finish: satin brushed

Packaging

Unit : W315 x H90 x D55 mm
GenCode : 3760108805903
X10 : W650 x H370 x D110 mm
GenCode : 3760108805965

Stand

The Planet L / Music center floorstands have been conceived and designed in the spirit of the speaker itself. The satin brushed steel finish is indeed the same used on the Planet L. The weight of the stand makes it very stable (15kg each), and the cable management system permits to hide the cable inside the stand for a better integration.

Specifications

Dimensions: Ø 350 mm x H 830mm
Weight (piece): 15kg
Finish: satin brushed

Packaging

Unit (by piece): W850 x H415 x D95 mm
