

JAMO STUDIO SERIES • S 626

Design

The Jamo S 626 is an exceptional 3-way speaker featuring a side-mounted 8-inch woofer for a slim, cohesive design without an accompanying sacrifice in sound quality. The “mirror image” speaker pairs give you placement flexibility for the best possible acoustic interaction with your listening room. The S 626 is available in White Ash, Dark Apple and Black Ash finishes, complemented by soft-feel black baffles giving the speaker a premium appearance. The Jamo S 626 is fully equipped for optional bi-wiring and bi-amplification and includes optional speaker spikes.

Technology

- 1-inch (25 cm) soft dome tweeter/dual 5-inch (127 cm) aluminized midrange drivers/ 8-inch (203 cm) side-firing woofer.
- Bass-reflex design with dual flared, rear-firing ports: Increases speaker efficiency and bass output.
- Waveguide: Provides more uniform dispersion in the critical frequency range of 2-10 kHz. Dynamics and clarity are enhanced while distortion is significantly reduced.
- Aluminum centre-plug: Eliminates cone breakup for faster “attack” and increased vocal clarity. Additional voice-coil cooling reduces power compression.
- Aluminized midrange drivers: Increases cone rigidity and vocal clarity.
- Side-firing woofer: Provides a slimmer cabinet design and bass optimization for varying room acoustics.
- Dual, 5-way binding posts: Allows bi-wiring/bi-amplification with multiple connection options with wire up to 12 gauge (AWG).

Specifications

	S 626
System Type	3 Way Bass Reflex
Tweeter (mm/in)	25 / 1
Midrange (mm/in)	Dual 127 / 5
Woofer (mm/in)	203 / 8
Frequency Response (Hz +/- 3 dB)	42-20,000
Power Handling (Watts Long/Short Term)	130 / 210
Sensitivity (dB, 2.8V/1m)	89
Crossover Frequency (Hz)	150 / 2500
Impedance (Ohm)	6
Product Dimensions (mm/in, HxWxD)	1080 x 190 x 345 / 42.5 x 7.5 x 13.6
Weight (Kg/lb)	23.5 / 51.8
Finishes	Black Ash, White Ash, Dark Apple
