

Spectrum II X5

2 way bass-reflex bookshelf loudspeaker

KEY POINTS

- 5" cellulose pulp mid-woofer driver
-  Danish design

DESCRIPTION

Precise sound. Timeless elegance.

Tangent takes acoustic excellence a step further with the Spectrum II X5, an enhanced version of the Spectrum II X4.

With its 1" dome tweeter and 5" cellulose mid-woofer, it explores deeper bass, while its 88 dB sensitivity and 100 W power output offer greater dynamics.

More generous but still lightweight, it retains the sleek design of the Spectrum range. The Spectrum II X5 will appeal to those who want more presence without compromise.
